

Journal of Advances in Information Technology

CONTENTS

Volume 9, Number 1, February 2018

- Machine Learning Architectures for the Estimation of Predicted Occupancy Grids in Road Traffic..... 1
Parthasarathy Nadarajan, Michael Botsch, and Sebastian Sardina
- A General Pattern of Town Streets on Map Spaces 10
Takahiro Suzuki and Isamu Shioya
- Machine Learning Based Prediction of Crash Severity Distributions for Mitigation Strategies..... 15
Marcus Müller, Michael Botsch, Dennis Böhmländer, and Wolfgang Utschick
