

# Journal of Advances in Information Technology

## CONTENTS

---

### Volume 9, Number 4, November 2018

Combining Social Service and Healthcare as the First Country in the World: Exploring the Impacts on Information Systems.....	84
<i>Hannu Vilpponen, Mika Grundström, and Pekka Abrahamsson</i>	
Forecast of Hospitalization Costs of Child Patients Based on Machine Learning Methods and Multiple Classification .....	89
<i>Chenguang Wang, Xinyi Pan, Lishan Ye, Weifen Zhuang, and Fei Ma</i>	
The Comparison of Iconicity Level of Icon Arrays on Risk Perception .....	97
<i>Sithi Wangeamsersuk and Arisara Jiamsanguanwong</i>	
mHealth Apps: Potentials for the Patient – Physician Relationship.....	102
<i>Mike Krey</i>	
Predicting Pregnant Shoppers Based on Purchase History Using Deep Convolutional Neural Networks.....	110
<i>Nikhil Angad Bakshi, Prithviraj Reddy Kolan, Bibek Behera, Naveen Kaushik, and Ansari Mohammed Ismail</i>	
Design and Implementation of Equipment for Air Quality Information Management System .....	117
<i>Partheeban P., Prasad Raju H., Rani Hemamalini R., and Shanthini B.</i>
