

Journal of Advances in Information Technology

CONTENTS

Volume 15, Number 9, 2024

- Improving the Battery Life of Mobile Adhoc Networks through Quality of Service Parameters 1001
*S. Hemalatha**, *K. Valarmathi*, *G. Nagappan*, *N. Muthuvairavan Pillai*, *Lakshmana Phaneendra Maguluri*,
and I. V. Veeranjanyulu
- Federated Learning Using GPT-4 Boosted Particle Swarm Optimization for Compact Neural Architecture Search 1011
Di Wang
- Evaluating Image-to-Image Translation Techniques for Simulating Physical Conditions of Traffic Signs 1019
Rung-Ching Chen, *Ming-Zhong Fan*, *William Eric Manongga*, *and Chayanon Sub-r-pa**
- Advanced Machine Learning in Quantitative Finance Using Graph Neural Networks 1025
Mvuleni Kekana, *Mbuyu Sumbwanyambe*, *and Tlotlollo Hlalele**
- A Dual-Branch Lightweight Model for Extracting Characteristics to Classify Brain Tumors 1035
*Sangeetha G.**, *Vadivu G.*, *and Sundara Raja Perumal R.*
- Automation of the Labeling Process Using an Image Classification Model Using Convolutional Neural Networks..... 1047
Diego Veliz, *Ronald Ccori*, *and Luis Alfaro**
- An Application for User Indoor Movement Logs Using Bluetooth Beacons..... 1055
Myoungbeom Chung
- Improvement of Packet Delivery Ratio in MANET Using ADLR: A Modified Regularization-Based Lasso Regression 1062
*Sayan Majumder**, *Debika Bhattacharyya*, *and Subhalaxmi Chakraborty*
- Effective Approaches for Intrusion Detection Systems in the Face of Low-Frequency Attacks 1070
*Chadia El Asry**, *Ibtissam Benchaji*, *Samira Douzi*, *and Bouabid El Ouahidi*
- Smart Technologies for Whole Life Asset Management 1079
*Chee Kit Ho**, *Yee Loon Sum*, *and King Jet Tseng*
